FranknJohn is far from helpless however, as his flaw becomes his strength - he can swing his head wildly round to smash away the plethora of strange creatures that roam the house of horror.. Gameplay is fun If you've ever played games such as Binding of Isaac and A Wizard's Lizard, you'll feel right at home with this game.. The AI can be a bit derpy at times, but since I'm not one for insane difficulty, I don't mind the fact that most enemies charge at you only.. Harmin in the "The Lab of Isolation"More variety, challenges and secrets - We have lot's of fun stuff in storeMore Skullcaps - these are so much fun to make we want to keep making them foreverMore enemies - Each new area will have roughly the same amount of enemies currently availableMore bosses - Dr.. First all, my biggest complaint about this game is the fact that it isn't finished yet, and if that's my biggest complaint, that speaks volumes about the game itself.. ly/2SMRCVEAbout This GameFranknJohn is a horror inspired action roguelike, where your head is your weapon! Young FranknJohn is a failed experiment of a demented scientist, Dr Harmin.. Harmins most prized creations are being readied for battleMore glorious soundtrack by Ben PruntyBug FixingWe have put a lot of effort into making sure FranknJohn is as bug free as possible, however the game is in Early Access so it is unavoidable.. Audio isn't bad Music can get a little samey at times, but all in all, it fits the feel of the game quite nicely.. Also, they only have the first area created (as of this writing) so I'm sure they'll be adding more varied enemies\/attack patterns.. He wakes, with no memory, in a cell, with a head that can only stay on his body with the help of a chain. b0d43de27c [Unduh Snaptube Apk Dl Android Mobile](#)
